

Click on the link

[Gemini Enterprise](#)

In case you encounter the below message:

403. That's an error.

Configuration is not authorized on "vertexaisearch.cloud.google.com".

"WidgetService.LookupWidgetConfig" error: The caller does not have permission

That's all we know

You need to add your Datamatics Account:

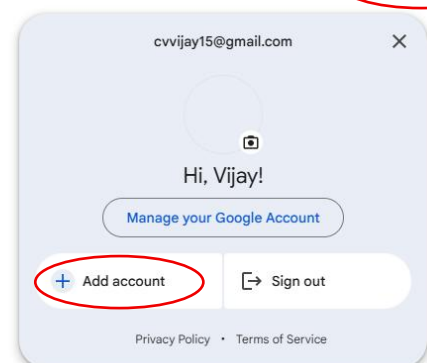

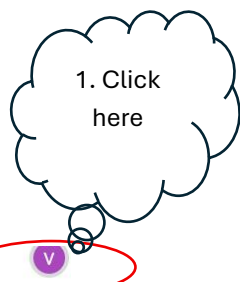

403. That's an error.

Configuration is not authorized on "vertexaisearch.cloud.google.com".

"WidgetService.LookupWidgetConfig" error: The caller does not have permission

That's all we know

2. Click Add Account

Sign in

with your Google Account. This account will be available to other Google apps in the browser.

Email or phone
